## International Space Station briefings on NASA TV Monday

A series of NASA briefings on the International Space Station will begin at noon CDT Monday. The briefings will focus on the next Space Station mission, the return of current Station occupants and previous mission science findings. The event will be shown on NASA TV. Expedition Eight Cmdr. and ISS Science Officer Michael Foale, along with Flight Engineer and Soyuz Cmdr. Alexander Kaleri and Spain's Pedro Duque, are scheduled to be launched to the Station from the Baikonur Cosmodrome in Kazakhstan on Oct. 18.

**To sign up for CFC bus tours, go to <http://cfc2003.msfc.nasa.gov> or see 'Inside Marshall'**

## SLTS design and operations workshop is Nov. 17-19

A Space Launch and Transportation Systems Design and Operations workshop will be Nov. 17-19 at the Marshall Center in Room G-13E. The course is for space professionals who produce, operate and use cost-effective space launch and transportation systems. The workshop's focus is technical risk identification and mitigation in the most cost-effective manner, while maintaining technical integrity of a vehicle and infrastructure. For more information, see "Inside Marshall."
